

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

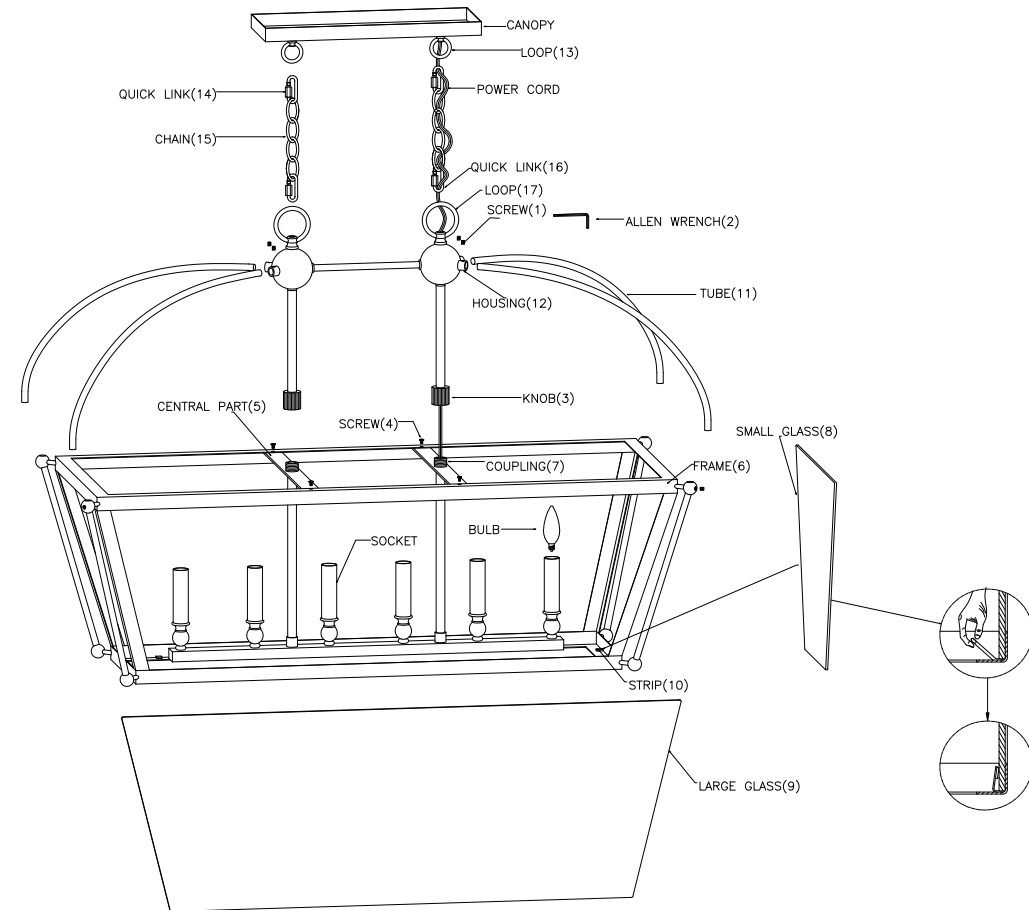

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Unscrew Screw(4) and separate Central part(5) from Frame(6). Then put Small glass(8) and Large glass(9) into Frame(6), and close Strip(10) onto Glass to secure them to Frame(6).
2. Place Central part(5) back to Frame(6)., and use screw(4) to thread them together.
3. Thread Knob(3) onto Coupling(7) tightly. Use Allen wrench(2) and Screw(1) to connect Tube (11) to Housing(12) on one side, and connect Tube (11) to Frame(6) on the other side.
4. Connect Chain(15) to Loop(13) by Quick link(14), and to to Loop(17) by Quick link(16) on the other side.
5. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)

INSTALLATION IS NOW COMPLETED.
